SENSOURCE

Automated Church Attendance Counter

Efficiently manage your church with SenSource's automated church attendance counting system.

The **Easiest and Most Accurate** Way to Measure Growth

SenSource technologies are used by churches to automate attendance collection and analyze attendance patterns.

The automated sensors alleviate the need to manually headcount attendants, leaving ushers to greet and serve as intended.

97% or greater accurate people counting data, guaranteed

Analyze, report and share data with Vea Reporting Platform with API

More than just people counting, expand your solution with occupancy monitoring.
